

RISK & OPS

Africa

Our partnership responds to the demand of local and international companies and NGOs wishing to secure their operations, employees and infrastructures, with a serious and pragmatic international player having a solid and credible African base.

Risk & Ops has significant experience and operational projection capacities in Africa according to the highest international standards while taking into account local needs and constraints. The Democratic Republic of Congo is one of the African countries where Risk & Ops is particularly active.

PROTEAM was founded in 2015 in Kinshasa with Congolese shareholders and the aim of addressing the needs of mining, industrial and services companies and NGOs with high-performance human and technical resources.
